7. EXHIBIT A DISTRICT BOUNDARIES

EXHIBIT B PROPOSED BID SERVICES

The City forecasted that the BID would generate approximately \$283,015, based on estimates from the weighted average collection rate for existing BIDs in San José. However, the MCBA board uses a more conservative estimate in the proposed budget report, approximately \$252,000 in its first year.

MCBID Proposed 12-month Budget

Proposed 12-month Budget	\$252,000
Expenses	
Clean & Safe	\$201,600
Promotions, Events and Marketing	\$25,200
Advocacy and Administration	\$12,600
Contingency/Reserve	\$12,600
Total Expenses	\$252,000

Clean and Safe

The Clean and Safe program will make the MCBID cleaner, more accessible, and more attractive to potential investors, tenants, and customers, as well as a safer place to do

business. An enhanced schedule will be established for most of the maintenance services. The distinct maintenance activities to be provided constitute and create specific benefits to assessed businesses. Enhanced maintenance services may include, but are not limited to:

- Litter removal services, including garbage, debris, and leaves;
- Removal of bulky items and street sweeping services;
- On-demand graffiti removal services; and
- Pressure washing sidewalks adjacent to assessed businesses on an as needed basis.

Enhanced safety services may include dedicated patrols by off-duty officers of the City of San José Police Department or supplemental private security patrols. The patrol will seek to serve as both a deterrent by creating a visible presence, and a response to incidences that occur. The goal of the program is to increase the usability of assessed parcels and address issues that discourage business owners, tenants, and customers from visiting assessed businesses, ultimately constituting and providing unique, specific benefits to assessed businesses. These enhanced services may include, but are not limited to:

- Partnerships with local law enforcement to provide business owners direct communication with local law enforcement;
- A safety and patrol program to deter and report illegal street vending, illegal dumping, and street code violations. This program will address a myriad of quality-of-life problems including public intoxication, panhandling, loitering, trespassing, and scavenging;
- A safety program may be implemented to improve day and evening safety in the MCBID by mitigating vagrancy, property damage, encampment, and petty crimes;
- Installation and maintenance of security cameras;
- Navigator homeless outreach teams and guides may be deployed throughout the MCBID;
- Support crime prevention on assessed businesses by working closely with local law enforcement; and
- Respond and work to reduce nuisance behaviors which can deter tenants and customers on assessed businesses.

Promotions, Events and Marketing

The program will have the goal of attracting customers and increasing sales at assessed businesses and may include the following activities:

- Internet marketing efforts, including the use of social media, to increase awareness and optimize internet presence to drive customers and sales to assessed businesses;

- Networking events for local business owners, driving engagement to improve the business environment;
- Preparation and production of collateral, promotional materials such as brochures, flyers, mailings, and maps featuring assessed businesses;
- Creation of or participation in promotional events, which may include pop-up tents and banners; and
- Development and maintenance of a website designed to promote assessed businesses.

Advocacy and Administration

The advocacy and administration portion of the budget will be utilized for administrative costs associated with providing the services. Those costs may include rent and occupancy charges, telephone and internet charges, legal fees, accounting fees, postage, administrative staff, insurance, other general office expenses, and City administration costs to collect the assessment, which shall not exceed the actual costs. In addition, the advocacy and administration budget will be utilized to fund staff time and consultants dedicated to providing unified attention, communication, and responsiveness throughout the MCBID.

Contingency/Reserve

The budget includes a contingency/reserve line item to account for annual operating surplus or uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other programs, administration, or renewal costs at the discretion of the City Council or advisory board. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of the monies from the reserve fund shall be set by the City Council or advisory board.
