To whom it may concern,

I am in support of the Memorandum signed by Councilmembers Jimenez, Torres, Cohen, Ortiz, and Foley dated 06-07-2024. I ask that the Council approve an annual fee of \$48,000 per cannabis retail storefront and revisions to Chapter 6.88 of the San Jose Municipal Code to align with the State regulations and to (1) allow for transfers of the Notice of Completed Registrations and (2) remove the requirements for fire alarms for retail-only cannabis businesses.

I appreciate your consideration in this matter.

Hello,

I represent several cannabis businesses in the city of San Jose.

I am in support of the Memorandum signed by Councilmembers Jimenez, Torres, Cohen, Ortiz, and Foley dated 06-07-2024. I ask that the Council approve an annual fee of \$48,000 per cannabis retail storefront and revisions to Chapter 6.88 of the San Jose Municipal Code to align with the State regulations.

I specifically request that the Council:

1. Allow for transfers of the Notice of Completed Registrations so that cannabis business owners have the ability to transfer their assets;
2. Remove the requirements for fire alarms for retail-only cannabis businesses consistent with State law and local fire regulations; and
3. Allow storefront retail businesses in commercial zones to conduct delivery operations consistent with State law.

I thank the Council for their continued support of the cannabis industry.

Sincerely,

Sharmi Shah, Esq. (she/her)

Founder/Principal

Sharmi Shah, Attorney at Law, A PLC

## Public Comment - Item 3.3+3.4+3.5 - Support the Kamei et al. memo to protect Measure E and explore additional revenue mechanisms - Council 6/11

Jordan Moldow [REDACTED]

Tue 6/11/2024 10:56 AM

[External Email]

I support the Memorandum from Kamei, Ortiz, Candelas and Jimenez, 6-7-2024. Please support the memo in its entirety.

Measure E funding allocations need to be protected and restored ASAP. **Homelessness** cannot be solved without **homes**, and affordable housing is very cost effective for the taxpayer, despite misleading rhetoric. Interim shelter is also crucial, but it can only be effective if there are enough permanent homes for people to move into.

Equally importantly, interim shelter requires ongoing operational costs, which require a new dedicated funding source. If we keep using Measure E funding for recurring operational obligations rather than building new infrastructure, then eventually all Measure E money will be tied up in these operational costs, and we'll have no money available to build housing (both permanent and interim).

We cannot rely on any assumptions that the Regional Housing Bond will succeed at the polls. That is why item 2 in Vice-Mayor Kamei's memo is so important.

Some other things to keep in mind:

- We have a state obligation to implement our Housing Element, which requires us to build affordable housing. If we pause a significant amount of our affordable housing development for a year, we put our city at risk of lawsuit. We also put the city at risk of the Builders' Remedy, which would put our entire General Plan density targets at risk, which will have huge repercussions down the line for the financial and environmental sustainability of our city.
- Measure E funds should not be used on operational items that do not improve the situation. Sweeps solve zero problems, as they just move people from one place to another. Providing trash and cleanup services is fine (but again, operational funds should ideally come from non-Measure E sources), but sweeps place undue stress on those who are already facing very poor circumstances, and they cost the city money without actually producing any results.

Supporting the Kamei et al. memo is common sense.

Thanks,  
Jordan Moldow  
District 3
