Hi Megan,

Thank you! I'd like to submit a written comment for item 10.2, if not too late:

I am writing in favor of GP24-005. As a resident of one of the mobile home parks affected by the measure, I am grateful that the City of San Jose is working to protect these pockets of affordable housing in the Bay Area. I have lived my whole life in the Bay Area and want to continue living here. Living in a mobile home park allows me to take a first step into homeownership and to have stable housing near my family and friends. The additional security in home ownership provided by GP24-005 will be incredibly helpful for myself and my neighbors, all of whom are integral parts of my local community. I encourage the city council to adopt this measure.

Thanks!

Emily

Thank you!

You don't often get email from [REDACTED]. [Learn why this is important](#)

Hi,

I would like to provide verbal public comment on tonight's discussion of GP24-005. Unfortunately, I will not be able to attend the council meeting in person; is it possible for me to provide verbal public comment via Zoom? I found contradictory information and wanted to check; if not, I'll submit written comment during the meeting.

Thanks!  
Emily Kohn
