Subject: Vote NO on Mayor Liccardo's Memo, YES on Councilmember Arenas' Memo

[External Email]

Dear Councilmembers,

While it is encouraging that community opposition has slowed down the drive to impose a strong mayor system on our city, we still need our voices to be heard in any changes

to the fundamental structure of our city government. Just now, the Mayor has proposed delaying the Strong Mayor Ballot measure till 2022, while creating a Charter Commission %2? but instead of giving it wide authority to bring together community input and

create recommendations to address the community%2?s interests, the mayor is asking the commission to be told in advance what to bring forward to the ballot! There is grave danger this leads to a sham process, which would be just as problematic as the original

power grab. I urge the Council to vote NO on Mayor Liccardo%2?s memo and YES on Councilmember Arenas%2?s memo that would: move the mayoral election to presidential election years; create a charter revision commission that takes into account real, significant

community input and independent research; sends proposed campaign finance reforms to the Board of Fair Campaign and Political Practices for consideration and recommendations; and removes the extension for redistricting due to Census delay from this Council

item and instead adds it to another ballot measure to be voted on in August. Thank you

Dear Mayor Liccardo and Councilmembers,

No backroom deals and no Strong Mayor Initiative for San José.

In a time when we are witnessing powerful movements spurred on by our community who are demanding that we address such dire issues such as housing, the education gap, the wealth disparities in Silicon Valley, immigration, poverty, and most recently, a global pandemic, and the inequities in one of the wealthiest cities in the world, you've chosen to be tone-deaf by voting on a backroom deal that would undermine district elections.

District elections were intentionally established to give voice to those who had been systematically shut out. A vote for the Strong Mayor Initiative will diminish the representation of the most vulnerable by consolidating power in one office. This power grab mostly puts in jeopardy people of color, single mothers, and underprivileged who are not heavily represented in wealthier districts and most definitely not living in concentration in the districts of the 6 who voted in favor of the Strong Mayor Initiative!

I especially urge Mayor Liccardo, Vice-Mayor Jones, CM Diep, CM Davis, CM Foley, and CM Khamis to reconsider your vote.

Vote NO on strong mayor!

Vote NO on backroom deals in San José!

Vote YES on the Carrasco and Esparza memo

Vote NO on Mayor Liccardo's Memo, YES on Councilmember Arenas' Memo

Dear Councilman Perez:

I support your stance on separating the ballot decisions on election timing from the strong mayor initiative. Election timing is a move that will encourage greater voter turnout as it will coincide with presidential elections. The strong mayor initiative is, in my opinion, something that requires more thoughtful discussion as it is a complex issue. I have worked in or with two major cities that have strong mayor systems -- Seattle and Chattanooga -- and I have seen both the advantages and the disadvantages of this system. If the strong mayor initiative is on the November ballot, it is essential that voters understand the implications of the measures that are placed before put before them. As your constituent, I urge you to uphold transparency with voters. Each proposed charter change should be treated as a separate measure on the ballot with clear and precise language that clearly explains what each entails if passed.

Thanks for listening.

Sincerely,

Barbara

Hello,

While I'm grateful to see that this process will be delayed, I was a bit concerned after reading the Mayor's memo and seeing the following (screenshot below). The first sentence reads as if organizations were the only ones that voiced their opposition, and ignores the hundreds of community members (not affiliated with any organizations or at least the ones you speak of) that wrote or called in. It affirms that our voices have little to no impact, and that we're being ignored by our representatives. Does our Mayor lead for organizations e.g. developers and unions, or does he represent the people?

Uniting In Crisis

In recent weeks, several organizations have urged that we slow the process of charter reforms designed to lead to a more effective, accountable, and representative government. Given what has become a highly contentious political environment surrounding these efforts - They're right. We need to slow this down, to enable more outreach and community engagement.

Dear Clerk City Clerk,

Please vote to pass the Inclusion, Accountability & Better Government Reform Measure.

We need government to be effective, responsive, and accountable to the community for services, results and to bring local government into the 21st century. We must have the people's choice, an elected Accountable Mayor, be directly responsible for the city rather than career bureaucrats. The public must have confidence that their elected officials are driving the community's priorities.

The community expects their elected officials to be able to take action during times of crisis. It's a complete charade when we elect a citywide leader that doesn't have the tools to create or affect change. That responsibility must be in the hands of an elected Mayor.

I strongly urge you to vote in support of this ballot measure to implement good government reforms for a more accountable, transparent, and efficient city hall.

Sincerely,

Kevin McClelland

Dear Mayor Liccardo and San Jose Councilmembers,

My name is Julian Le and I am a resident of District 3. It has been brought to my attention that tomorrow a vote will be cast that will allow the current mayor to hold an additional two years in office without community input.

I understand the goal that is trying to be accomplished, but I hope that you take into consideration that it's important to be open, honest, and transparent about why. Simply putting verbiage that is confusing to the voters will not help achieve this goal.

I urge you to please communicate this to the voters as transparently as possible. Then and only then will we be the fair and goal-achieving San Jose I know we can be.

Thank you for your consideration.

Best regards,
Julian Le

July 28, 2020

Re. Agenda Item 3.1, July 28, Agenda 20-822. Reconsideration of *Potential Ballot Measure to Amend the City Charter*

Dear Mayor Liccardo, Vice Mayor Jones, and City Council Members Jimenez, Peralez, Diep, Carrasco, Davis, Esparza, Arenas, Foley, and Khamis,

We at Mothers Out Front Silicon Valley (formerly South Bay) **share the League of Women's Voters' and others' concerns** about the *Potential Ballot Measure to Amend the City Charter*. Although our primary area of focus is climate justice, we recognize that we will not be able to advocate effectively for this cause--nor any of the other vital issues we face--if our government is not fully representational, transparent, equitable, and inclusive.

We applaud Mayor Liccardo for listening to the community and proposing to delay the placement of a strong mayor proposal on the ballot until 2022. It's vital that this process include robust community input, especially from underrepresented portions of our community, and a thorough consideration of the complex pros and cons of various city governance structures.

We agree with the League of Women Voters that:

- Proposing a major change to our city's governance structure should not be done hastily and needs to be preceded by an Independent Charter Review Commission.
- Given the tremendous financial strains the City is experiencing, expensive ballot measures should not be placed on the ballot unless truly necessary.
- Ballot measures should not contain multiple subjects. Each of these three proposals should be considered separately, not intertwined.
- The City Council should use its own authority to strengthen campaign finance transparency and disclosure laws rather than put these issues on a ballot measure.

Therefore, we **agree with Mayor Liccardo's proposal to delay** a charter revision proposal until November 2022, and we appreciate Vice Mayor Jones's and Councilmembers Esparza and Carrasco's thoughtful recommendations. **We support Councilmember Arenas's memo specifying a requirement for significant community engagement to determine if and how our government structure should change. We urge you to adopt Councilmember Arenas's recommendations as, in our judgment, they combine the best ideas of the previous ones.**

Thank you in advance for ensuring a representational, fair, inclusive, and transparent process for making such a consequential decision as changing our governance structure.

Sincerely,
Linda Hutchins-Knowles, Co-founder and Coach
Mothers Out Front Silicon Valley

[External Email]

Dear Councilmembers,

While it is encouraging that community opposition has slowed down the drive to impose a strong mayor system on our city, we still need our voices to be heard in any changes to the fundamental structure of our city government.

Just now, the Mayor has proposed delaying the Strong Mayor Ballot measure till 2022, while creating a Charter Commission – but instead of giving it wide authority to bring together community input and create recommendations to address the community's interests, the mayor is asking the commission to be told in advance what to bring forward to the ballot! There is grave danger this leads to a sham process, which would be just as problematic as the original power grab.

I urge the Council to vote NO on Mayor Liccardo's memo and YES on Councilmember Arenas' memo that would: move the mayoral election to presidential election years; create a charter revision commission that takes into account real, significant community input and independent research; sends proposed campaign finance reforms to the Board of Fair Campaign and Political Practices for consideration and recommendations; and removes the extension for redistricting due to Census delay from this Council item and instead adds it to another ballot measure to be voted on in August.

Thank you,
Duc Le

Dear Councilmembers,

I am a U.S. Citizen who fled Vietnam and arrived in the United States as a refugee after the Fall of Saigon. I risked my life to flee a country where there was no democracy and my voice was silenced. This proposal would again silence my rights and determine decisions that would leave my community, the Vietnamese and Vietnamese American community, and other communities of color in San Jose out of the conversation.

While it is encouraging that community opposition has slowed down the drive to impose a strong mayor system on our city, we still need our voices to be heard in any changes to the fundamental structure of our city government.

Subject: Vote NO on Mayor Liccardo's Memo, YES on Councilmember Arenas' Memo

[External Email]

Dear Councilmembers,

While it is encouraging that community opposition has slowed down the drive to impose a strong mayor system on our city, we still need our voices to be heard in any changes to the fundamental structure of our city government.

Just now, the Mayor has proposed delaying the Strong Mayor Ballot measure till 2022, while creating a Charter Commission – but instead of giving it wide authority to bring together community input and create recommendations to address the community's interests, the mayor is asking the commission to be told in advance what to bring forward to the ballot! There is grave danger this leads to a sham process, which would be just as problematic as the original power grab.

I urge the Council to vote NO on Mayor Liccardo's memo and YES on Councilmember Arenas' memo that would: move the mayoral election to presidential election years; create a charter revision commission that takes into account real, significant community input and independent research; sends proposed campaign finance reforms to the Board of Fair Campaign and Political Practices for consideration and recommendations; and removes the extension for redistricting due to Census delay from this Council item and instead adds it to another ballot measure to be voted on in August.

Thank you,
Serena Alvarez, Esq.

Subject: NO Strong Mayor Ballot Measure! YES To Transparency and Community Input!

[External Email]

Dear Councilmembers,

I reside in Pam Foley's District and do not support the Strong Mayor Ballot Measure. The lack of public input, the mayor's conflict of interest with him casting the tie-breaking vote to for a ballot measure giving himself 2 more years in office, and the utter lack of analysis or fact finding behind such a significant constitutional change to our City Charter points to only one thing: a back room deal of the worst kind. We like the campaign finance reform measures and the recusal requirements - but those too seem tacked on in order to make a bitter and constitutionally lethal pill more palatable. But it is not palatable to us, the citizens of San Jose. We demand community input and involvement, we demand sound and reasoned changes to our City Charter that benefit us, not politicians and business and labor interests and most importantly we demand transparency. Extending the mayor's term of office with powers snatched from our elected representatives is becoming a disturbing trend of executive branches undermining our democratic checks and balances. Sure we will get a chance to vote on *something* in November. But the lack of detail, lack of input from voters and other marginalized voices means we will be voting with blindfolds over our eyes. Just as I suspect was intended.

As Councilwoman Sylvia Arenas wrote:

"The people of this City that the Mayor is supposed to represent -- are still waiting for our needs to be considered before discussing a fundamental restructuring of San Jose city government as we know it. The proposed change to the city charter would dramatically limit the ability of our councilmembers to advocate for the communities they know best, and would rob us of our voice in policy decisions. We are STILL being shut out of this process that's being rushed through without real and substantial community engagement. The "Blue Ribbon Commission" to evaluate the proposed changes has no stated composition or admissions requirements, this allows for the possibility that communities of color continue to be denied a seat at the table. But, you can still halt this proposal and allow our voices to be heard. Allowing the Mayor to make unilateral decisions and yield power over other councilmembers or departments indiscriminately would not only suppress the voice of our communities of color but skew the checks and balances of our local government. The proposed changes do not represent the needs and the goals of our city and the local leaders we expect to champion for us in City Hall. I urge the Council to NOT vote in favor of placing the Strong Mayor charter amendment on the ballot NOR extending Mayor's term for 2 additional years. Thank you "

Subject: NO Strong Mayor Ballot Measure!

[External Email]

Dear Councilmembers,

The COVID-19 pandemic and the Black Lives Matter Movement have highlighted the inequities that exist in San Jose for our communities of color. By expanding the authority of the Mayor's office, the City would further exclude communities of color from having a voice at City Hall. Councilmembers would lose their ability to advocate for the communities they know best, and will not have enough power to protect their residents in a Strong Mayor form of government.

Many residents in my community work long hours, rely on public transportation, speak a language other than English, and may not have a computer or internet to keep up with City Council meetings -- but they vote for a councilmember to represent them and their interests at City Council. We voted you in to represent us not to give in to the whims of a mayor who wants to extend his term by 2 years and full control.

These proposed changes still offer no opportunity for meaningful community input. A "Blue Ribbon Commission" to appraise the proposed changes has no stated composition or admissions requirements, and offers no guarantee that communities of color won't be denied a seat at the table.

We were against this proposal last month and we are against it now. I urge the Council to NOT vote in favor of placing the Strong Mayor charter amendment on the ballot NOR extending Mayor's term for 2 additional years.

[External Email]

Dear Councilmembers,

We are still listening, and we are still watching. The global movement against police brutality and systemic racism is alive and well, and we are still calling for more accountability from our local leaders -- not more power for the Mayor.

Mayor Liccardo has falsely interpreted our goals of a more accountable local government as a call for him to grant himself more power. Adding in important electoral reforms into this power-grab proposal is insincere and unacceptable. This proposal demonstrates that Mayor Liccardo refuses to listen, and would grant future mayors the ability to continue to ignore our needs.

We asked for an accountable mayor, not an authoritarian. I urge the Council to NOT vote in favor of placing the Strong Mayor charter amendment on the ballot NOR extending Mayor's term for 2 additional years. The Strong-Mayor ballot measure is a senseless and costly move, and shows a lack of understanding of the problems of racism and inequality facing our community.

Subject: Special Council Meeting Item 20-822 Public Comment

[External Email]

Dear Mayor's Office,

Thank you for making the smart move to pull back the proposed Nov ballot measure to Amend the City Charter and Ordinance until full vetting of each proposal as described in item 2 and 3 of your memo of 7-27-20 by a Charter Committee and further education and discussion can be held by the voting community. As you mention in your memorandum San Jose needs to slow down, and attempt to unite during this most difficult social, economic and political time in our history.

The direction in item 2a should be considered as recommendations and not a flowchart that the appointed committee must follow. Residents should expect the committee will address how city government works today and fully explore all pros and cons that would arise should San Jose choose to change their mayor governance structure and city charter. For the remainder of the items under item 2, after thorough vetting and discussion, these items should be able to be applied through council meetings and amendments without going to the ballot.

Item 3 also needs thorough and careful consideration to determine the advantages and disadvantages of moving San Jose Mayoral races to align with the Presidential election before it becomes a ballot measure in 2022.

Thank you,
Janet Holt

Dear Mayor Liccardo and Councilmembers,

No backroom deals and no Strong Mayor Initiative for San José. In a time when we are witnessing powerful movements spurred on by our community who are demanding that we address such dire issues such as housing, the education gap, the wealth disparities in Silicon Valley, immigration, poverty, and most recently, a global pandemic, and the inequities in one of the wealthiest cities in the world, you've chosen to be tone-deaf by voting on a backroom deal that would undermine district elections. District elections were intentionally established to give voice to those who had been systematically shut out. A vote for the Strong Mayor Initiative will diminish the representation of the most vulnerable by consolidating power in one office. This power grab mostly puts in jeopardy people of color, single mothers, and underprivileged who are not heavily represented in wealthier districts and most definitely not living in concentration in the districts of the 6 who voted in favor of the Strong Mayor Initiative! I especially urge Mayor Liccardo, Vice-Mayor Jones, CM Diep, CM Davis, CM Foley, and CM Khamis to reconsider your vote. Vote NO on strong mayor! Vote NO on backroom deals in San José! Vote YES on the Carrasco and Esparza memo

Subject: NO on Mayor Liccardo's memo and YES on Councilmember Arenas' memo

[External Email]

Dear Councilmembers,

While it is encouraging that community opposition has slowed down the drive to impose a strong mayor system on our city, we still need our voices to be heard in any changes to the fundamental structure of our city government.

Just now, the Mayor has proposed delaying the Strong Mayor Ballot measure till 2022, while creating a Charter Commission – but instead of giving it wide authority to bring together community input and create recommendations to address the community's interests, the mayor is asking the commission to be told in advance what to bring forward to the ballot! There is grave danger this leads to a sham process, which would be just as problematic as the original power grab.

I urge the Council to vote NO on Mayor Liccardo's memo and YES on Councilmember Arenas' memo that would: move the mayoral election to presidential election years; create a charter revision commission that takes into account real, significant community input and independent research; sends proposed campaign finance reforms to the Board of Fair Campaign and Political Practices for consideration and recommendations; and removes the extension for redistricting due to Census delay from this Council item and instead adds it to another ballot measure to be voted on in August.

Thank you

Nathan Ganesan

No Backroom Deals in San José

Dear Mayor Liccardo and Councilmembers,

No backroom deals and no Strong Mayor Initiative for San José.

In a time when we are witnessing powerful movements spurred on by our community who are demanding that we address such dire issues such as housing, the education gap, the wealth disparities in Silicon Valley, immigration, poverty, and most recently, a global pandemic, and the inequities in one of the wealthiest cities in the world, you've chosen to be tone-deaf by voting on a backroom deal that would undermine district elections.

District elections were intentionally established to give voice to those who had been systematically shut out. A vote for the Strong Mayor Initiative will diminish the representation of the most vulnerable by consolidating power in one office. This power grab mostly puts in jeopardy people of color, single mothers, and underprivileged who are not heavily represented in wealthier districts and most definitely not living in concentration in the districts of the 6 who voted in favor of the Strong Mayor Initiative!

I especially urge Mayor Liccardo, Vice-Mayor Jones, CM Diep, CM Davis, CM Foley, and CM Khamis to reconsider your vote.

Vote NO on strong mayor!

Vote NO on backroom deals in San José!

Vote YES on the Carrasco and Esparza memo

Dear Mayor and Councilmembers,

If we must vote on the Strong Mayor Initiative in November, it is your responsibility to ensure that voters understand the measures put before them. As your constituent, I am urging you to uphold transparency with voters. Please ensure that each proposed charter change is a separate measure on the November ballot with clear and precise language that explicitly states what each entails if passed.

Sincerely,

From: Victor Garcia <[REDACTED]>

Dear Councilmembers,

The people of this City that the Mayor is supposed to represent -- are still waiting for our needs to be considered before discussing a fundamental restructuring of San Jose city government as we know it. The proposed change to the city charter would dramatically limit the ability of our councilmembers to advocate for the communities they know best, and would rob us of our voice in policy decisions.

We are STILL being shut out of this process that's being rushed through without real and substantial community engagement. The "Blue Ribbon Commission" to evaluate the proposed changes has no stated composition or admissions requirements, this allows for the possibility that communities of color continue to be denied a seat at the table.

But, you can still halt this proposal and allow our voices to be heard.

Allowing the Mayor to make unilateral decisions and yield power over other councilmembers or departments indiscriminately would not only suppress the voice of our communities of color but skew the checks and balances of our local government. The proposed changes do not represent the needs and the goals of our city and the local leaders we expect to champion for us in City Hall.

I urge the Council to NOT vote in favor of placing the Strong Mayor charter amendment on the ballot NOR extending Mayor's term for 2 additional years.

Thank you
