RECOMMENDATION

- a) Approve an ordinance adding Part 6 to Chapter 10.20 of Title 10 of the San José Municipal Code to prohibit the unlawful possession of catalytic converters in San José.
- b) Adopt a resolution amending the Administrative Citation Schedule of Fines to establish civil fines for unlawful possession of a catalytic converter specifying increased fines for repeat violations of the same code provision by the same person within 12 months from the date of an administrative citation.

SUMMARY AND OUTCOME

Approval of this recommendation will prohibit the unlawful possession of catalytic converters in San José and help curtail the rampant theft of catalytic converters in the City, thus saving residents millions of dollars in property loss and repair costs.

BACKGROUND

Catalytic converter theft has become a widespread problem, affecting thousands of San José residents in recent years. Key components of catalytic converters include valuable metals like platinum, palladium, and rhodium that have increased in value in the global market, making catalytic converters lucrative targets for thieves looking to profit from the resale of precious metals. Thieves receive an average of \$250 per catalytic converter in the black market and victims typically pay up to a thousand dollars or more in parts and labor to replace a stolen catalytic converter.

The San José Police Department filed 1509 reports of stolen catalytic converters across the city in 2021, 1843 reports in 2022, and 769 reports from January 1, 2023 through October 2023. This indiscriminate crime extends across virtually every neighborhood, impacting residents' livelihoods. It has been the cause of violence, financial strain, and inconvenience for many.

In the worst cases, victims have been physically harmed or killed attempting to interrupt the crime. A thief can steal a catalytic converter in minutes, without having to break into a structure to complete the theft. Unfortunately, vehicles, from which the parts are stolen, are typically in driveways, parked on the street, or in parking lots, and because a metal saw is used to remove a catalytic converter, the actual crime is quite loud and often occurs in plain view. As a result, many of these crimes are interrupted by the vehicles' owners or bystanders who are simply investigating the commotion. Individuals committing these thefts are often armed and the confrontations during interrupted thefts have resulted in a homicide and multiple assaults in San José.

In addition to the violence, the financial strain on victims of catalytic converter theft is enormous. As it costs as much as a thousand dollars or more to replace a catalytic converter, accounting for parts and labor, millions of dollars have been spent by San José residents to replace the parts themselves. This does not account for the lost wages when a family is without their vehicle for days or weeks while their car is in the repair shop. The volume of replacement parts required due to the thefts has resulted in shortages of catalytic converters, resulting in vehicles being out of commission even longer while a part is on order. The repair costs and costs associated with being without the family vehicle have resulted in significant financial hardship for San José residents.

Current law allows the San José Police Department to search and seize a catalytic converter that is suspected to be stolen only if it can be proven to have been stolen from a particular victim. This can only be done for catalytic converters having unique etched serial numbers. The San José Police Department's "Etch and Protect" program provides residents with free etching of license plate numbers on their catalytic converters, aiding in the identification of stolen catalytic converters and allowing officers to cite individuals responsible for theft. However, there is currently only one garage providing this service and, in 2022 and 2023, only 425 residents had their vehicle identification numbers etched into their catalytic converters through the program.

On November 28, 2023, a San José Police Department officer stopped a stolen vehicle containing 14 stolen catalytic converters. None of the catalytic converters had etched vehicle identification numbers, so charges were not filed for the possession of the catalytic converters.

At the November 30, 2023 Rules and Open Government Committee meeting, Mayor Matt Mahan and Councilmembers David Cohen and Pam Foley brought forward, and the committee approved, a memorandum recommending that City Council direct the City Manager and City Attorney to draft an ordinance to prohibit the unlawful possession of catalytic converters in San José and a resolution amending the Administrative Citation Schedule of Fines to establish civil fines for unlawful possession of a catalytic converter. The full text of this direction is as follows.

"Direct the City Manager and City Attorney to:

- a. Draft an ordinance to prohibit the unlawful possession of catalytic converters in San José.
- b. Draft a resolution amending the Administrative Citation Schedule of Fines to establish civil fines for unlawful possession of a catalytic converter specifying

increased fines for repeat violations of the same code provision by the same person within twelve months from the date of an administrative citation.

- c. Return to City Council for consideration of the draft ordinance and resolution in early 2024.”

ANALYSIS

In 2022, the California State Legislature passed Senate Bill 1087, which amended section 21610 of the Business and Professions Code, to impose stricter regulations on core recyclers, dismantlers, and other licensed businesses that may reasonably generate, possess, or sell catalytic converters. The law requires core recyclers to provide documentation signifying the catalytic converter being purchased by the core recycler was obtained by the seller in a legal manner. Business and Professions Code section 21610 also outlines fines imposed on core recyclers who fail to provide this documentation.

However, there is no complementary law requiring the seller to produce this documentation when in possession of a catalytic converter not attached to a vehicle. A seller in possession of illegal catalytic converters simply needs to find an in-state buyer willing to violate the law or transport the stolen property out of state to perform a legal transaction. When the supply chain is interrupted by law enforcement, there are currently no consequences for the transporter of stolen catalytic converters.

Without consequences for possession of stolen catalytic converters, thieves are emboldened, knowing if they simply make a clean getaway from a theft, they will not be prosecuted. The lack of prosecution and crime deterrence stemming from the current legal situation with respect to the possession of stolen catalytic converters creates a financial hardship and decreases public safety for the residents of San José.

In October 2022, the City of Los Angeles enacted an ordinance barring unlawful possession of an unattached catalytic converter without proof of ownership. Since then, the city has seen a steady decline in reported catalytic converter theft. Staff recommends the City of San José implement a similar ordinance which would make it unlawful for any person, other than a core recycler, to possess any catalytic converter that is not attached to a vehicle, unless the possessor has valid documentation or other proof to verify that they are in lawful possession of the catalytic converter. The ordinance defines documentation or other proof to mean written document(s) clearly identifying the vehicle from which the catalytic converter originated based on the totality of the circumstances.

Under the proposed ordinance, “lawful possession” includes: (1) being the lawful owner of a catalytic converter or (2) in possession of a catalytic converter with the lawful owner’s written consent. It is not required to prove the catalytic converter was stolen to establish the possession is not a “lawful possession.” Each catalytic converter unlawfully possessed is a separate violation of the ordinance.

The criminal penalties for violation of this ordinance, a misdemeanor, are limited to a fine of not more than \$1,000 or imprisonment for a period of not exceeding six months, or by both fine and imprisonment.

Staff also recommends adoption of a resolution amending the Administrative Citation Schedule of Fines to add administrative citation fine amounts for violation of the proposed San José Municipal Code Section 10.20.180, Prohibition of Unlawful Possession of Catalytic Converters. The proposed additional fines are as follows:

- a. \$1,000 per stolen catalytic converter for a first offense;
- b. \$2,000 per stolen catalytic converter for a second offense within a 12 month period from the date of the first violation;
- c. \$4,000 per stolen catalytic converter for a third and subsequent violations within a 12 month period from the first violation.

The combination of current state laws that make it difficult for core recyclers to purchase stolen converters and the proposed local ordinance against unlawful catalytic converter possession and associated civil fines would effectively deter future catalytic converter thefts and financially disincentivize habitual thieves from committing the crime and improve public safety in San José.

EVALUATION AND FOLLOW-UP

The San José Police Department will follow-up with an informational memorandum in six months to a year.

COST SUMMARY/IMPLICATIONS

There are no cost implications for the San José Police Department. The cost implications for the City Attorney's Office are unknown.

COORDINATION

This memorandum has been coordinated with the City Attorney's Office; City Manager's Office of Administration, Policy, and Intergovernmental Relations; and the City Manager's Budget Office.

PUBLIC OUTREACH

This memorandum will be posted on the City's Council Agenda website for February 6, 2024 City Council meeting.

Communications Plan

Once the ordinance goes into effect, the San José Police Department will develop a comprehensive communications plan through which the department will communicate details of the new ordinance along with the penalties for violating the ordinance with community partners, stakeholders, and the public. The department, through its Media Relations Unit, will also communicate details of the new ordinance along with the penalties for violating the ordinance through press releases and social media posts.

COMMISSION RECOMMENDATION AND INPUT

No commission recommendation or input is associated with this action.

CEQA

Not a Project, File No. PP17-008, General Procedure and Policy Making resulting in no changes to the physical environment.

PUBLIC SUBSIDY REPORTING

This item does not include a public subsidy as defined in section 53083 or 53083.1 of the California Government Code or the City's Open Government Resolution.

SUBJECT: PROHIBITING THE UNLAWFUL POSSESSION OF CATALYTIC CONVERTERS IN SAN JOSÉ.

RECOMMENDATION

Accept staff recommendations with the following amendments:

1. Direct staff to create a standard training for officers to properly identify catalytic converters, as they vary between brands, makes, and models, and distinguish them from other car parts.
2. Amend the staff recommendation regarding a 12-month timeframe to instead reflect a 36-month timeline in which violations need to occur to be considered a subsequent violation(s) from the first initial violation.
 - a. Therefore, all subsequent violations by repeat offenders will continue to be fined at \$4,000 per stolen catalytic converter for 3 years.
3. Amending the proposed Administrative Citation Schedule of Fines to establish civil fines for unlawful possession of a catalytic converter specifying increased fines for repeat violations of the same code provision by the same person to the following amounts:
 - a. \$2,000 per stolen catalytic converter for a first offense,
 - b. \$4,000 per stolen catalytic converter for a second offense within a 36-month period from the date of the first violation,
 - c. \$6,000 per stolen catalytic converter for a third and subsequent violations within a 36-month period from the first violation.

BACKGROUND

This ordinance will fill a gap that exists in current local laws and act as a deterrent to stop a crime that often affects some of San José's most vulnerable communities. As the staff memo mentions, catalytic converter theft is a serious crime that is becoming increasingly common in San José. The theft of this car part not only poses physical harm to the vehicle owner but also has significant financial consequences. In an age where a family's livelihood heavily relies on their vehicle for work, school, and other daily activities, a theft can leave them anywhere from days to weeks without a means of transportation. The financial burden caused by the theft and the associated repair costs can create significant hardship for our families who already may be struggling to make ends meet, as a theft forces families to choose between car repair or essential household expenses.

Staff Training

We want San José Police officers to be properly trained in identifying catalytic converters. The complexity of these thefts lies in the fact that catalytic converters vary significantly between brands, makes, and models of vehicles (Attachment A). It is crucial for law enforcement to possess knowledge to accurately identify stolen catalytic converters. This will empower our police force with the expertise needed to distinguish stolen catalytic converters, swiftly and effectively. Officers will be provided with insights into the diverse characteristics of these components, enabling them to make informed judgments during routine patrols or investigations.

Escalation of Fines for Repeat Violations

Recommended fine amounts are based on a consideration of similar offense types and offense severity contained in the administrative citation schedule of fines, as well as indirect factors related to encouraging compliance. Additionally, to deter repeated violations, we recommend a stiffer escalation of fines for repeat offenses.

Extend time period to 36 months

Catalytic converter theft has become an increasingly prevalent issue in recent years due to the high value of the device and the ease with which it can be stolen. Thieves can get underneath a vehicle within a matter of seconds and remove the converter, which is then sold or recycled for its precious metals. This has become a nationwide problem, with many major city police departments reporting similar incidents.

For example, the Bakersfield police department has stated that many of the thieves are repeat offenders who continue to steal converters despite being arrested multiple times. This is because the converters contain valuable metals such as platinum, palladium, and rhodium, which goes for a high price on the black market. On top of financial setbacks for the vehicle owner, the theft of the catalytic converter also leads to environmental pollution, as the devices are critical in reducing harmful emissions from vehicles. As such, it is essential that authorities take strict measures to prevent such thefts and apprehend the offenders.

ORDINANCE NO.

**AN ORDINANCE OF THE CITY OF SAN JOSE ADDING
PART 6 TO CHAPTER 10.20 OF TITLE 10 OF THE
SAN JOSE MUNICIPAL CODE TO PROHIBIT THE
UNLAWFUL POSSESSION OF CATALYTIC
CONVERTERS IN SAN JOSE**

WHEREAS, the external location of catalytic converters and the use of valuable precious metals, including rhodium, palladium and platinum, in catalytic converters makes these devices a target for thieves; and

WHEREAS, the Council of the City of San José ("City") finds that it is within the City's police powers to implement and enforce the provisions of this ordinance; and

WHEREAS, it is the intention of the City Council in enacting this ordinance to curb the theft of catalytic converters throughout the City; and

WHEREAS, pursuant to the provisions and requirements of the California Environmental Quality Act of 1970, together with related State CEQA Guidelines and Title 21 of the San José Municipal Code (collectively, "CEQA"), the Director of Planning, Building and Code Enforcement has determined that the provisions of this Ordinance do not constitute a project, under File No. PP17-008 (General Procedure and Policy Making resulting in no changes to the physical environment); and

WHEREAS, the City Council is the decision-making body for this Ordinance; and

WHEREAS, this City Council has reviewed and considered the "not a project" determination under CEQA prior to taking any approval actions on this Ordinance;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SAN JOSE:

A new Part is added to Chapter 10.20 of Title 10 of the San José Municipal Code, to be numbered, entitled and to read as follows:

Part 6
Catalytic Converters

10.20.170 Definitions

The definitions set forth in this Section shall govern the application and interpretation of Part 6:

- A. “Catalytic converter” means any exhaust emission control device, or portion thereof, that converts toxic gases and pollutants in exhaust gas from an internal combustion engine into less-toxic pollutants.
- B. “Core recycler” shall have the definition given in California Business and Professions Code Section 21610.
- C. “Documentation or other proof” means written document(s) clearly identifying the vehicle from which the catalytic converter originated based on the totality of the circumstances, and includes, but is not limited to, the following types of documents:
 - 1. Bill of sale from the original owner with photographs.
 - 2. Documentation from an auto-body shop proving that the owner relinquished the catalytic converter to the auto-body shop.

3. Verifiable electronic communication from the previous owner to the possessor relinquishing ownership of the catalytic converter.
 4. Photographs of the vehicle from which the catalytic converter originated.
 5. Vehicle registration associated with the catalytic converter containing an etched associated license plate number or vehicle identification number.
- D. “Lawful possession” includes: (1) being the lawful owner of the catalytic converter; or (2) in possession of the catalytic converter with the lawful owner’s written consent. It is not required to prove the catalytic converter was stolen to establish the possession is not a “lawful possession.”

10.20.180 Prohibition of Unlawful Possession of Catalytic Converters

- A. It shall be unlawful for any person, other than a core recycler, to possess any catalytic converter that is not attached to a vehicle, unless the possessor has valid documentation or other proof to verify that they are in lawful possession of the catalytic converter.
- B. Each and every violation of this Section shall constitute a separate violation and shall be subject to all remedies and enforcement measures authorized by the San José Municipal Code. Each and every catalytic converter unlawfully possessed is a separate violation of this Section.

SECTION 3. Except as otherwise specifically set forth in Section 2 above, the fine amount for a second violation of the same Municipal Code section by the same person within a thirty-six (36) month period shall be and equal one hundred twenty-five percent (125%) of the fine amount listed in this Resolution for a first violation of that Municipal Code section at the time of the second violation.

SECTION 4. Except as otherwise specifically set forth in Section 2 above, the fine amount for a third and subsequent violation of the same Municipal Code section by the same person within a thirty-six (36) month period shall be and equal one hundred fifty percent (150%) of the fine amount listed in this Resolution for a first violation of that Municipal Code section at the time of the third or, as applicable, subsequent violation.

SECTION 5. Any fine amount imposed pursuant to Chapter 1.15 of the San José Municipal Code and this Resolution shall be deemed delinquent if it is not paid in accordance with the terms and provisions of Chapter 1.15. Any person who fails to pay to the City the amount of any fine imposed pursuant to the provisions of Chapter 1.15 of the San José Municipal Code and this Resolution on or before the date that fine amount is due shall be liable for the payment of an additional delinquency penalty. The delinquency penalty is equal to ten percent (10%) of the amount of the fine due to the City, or ten percent (10%) of the amount of the fine remaining unpaid to the City if a portion of the fine amount was timely paid. Interest shall accrue on all delinquent fine amounts, exclusive of delinquency penalties, at the rate of one half of one percent per month, pro rata, of the total delinquent fine amount, from the date the fine amount becomes delinquent until the date that all delinquent fine amounts are paid to the City.

SECTION 6. The Administrative Citation Schedule of Fines set forth in this Resolution shall supersede the administrative fine amounts and other provisions set forth in Resolution No. RES2023-402, adopted on November 14, 2023, which is hereby repealed.

Unlawful Catalytic Converter Municipal Ordinance Presentation Item 4.1

San José Police Department Request Overview

February 6, 2024

Lt. Brent McKim, San José Police Department

Background

Catalytic Converters:

Mandated in the U.S. since 1975, catalytic converters neutralize harmful gases in engine exhaust that contribute to air pollution and smog and are bolted to the underside of cars or trucks as part of their exhaust system.

Valuable Metals:

- Platinum
- Rhodium
- Palladium
- Other rare earth metals

Background

Catalytic Converter (CC) Theft

Stolen Catalytic Converters:

Recyclers' Revenue*:

- \$50 - \$250 gas vehicle CC
- \$800 Hybrid vehicle CC
 - 39% Toyota

Victims' Costs*:

- \$1,000 - \$3,500 to replace
- > 64,000 stolen in 2022 in U.S.
 - 288% increase over 2021
- 24,000 stolen in California (37%)

*National Insurance Crime Bureau 5/11/2023

Background

Catalytic Converter Theft

San José Catalytic Converter Theft Reports

- 2021: 1509 Reports
- 2022: 1843 Reports
- 2023: 836 Reports

Costs to San José Residents

- > \$4 Million to replace
- Lost wages

Public Safety

Background

Current Law:

Theft: Catch them in the act (in progress or video)

Possession of Stolen Property:

- Prove the Catalytic was stolen
- Need a specific victim – tie CC to a specific vehicle

Current Solution:

SJPD “Etch and Protect” Program:

- Free etching of license plate numbers on CC
- 2022-2023: 425 residents took advantage of the program

November 2023 – SJPD stopped a stolen vehicle with 14 stolen catalytic converters. None were etched. DA filed no charges on the catalytic converters

Background

What's been done?

State Senate Bill 1087 – September 2022

- Amended Section 21610 of the California Business and Professions Code
- Recyclers must provide documentation that the seller obtained the CC in a legal manner

Los Angeles City Ordinance – Approved April 2023

- Misdemeanor to be in possession of a CC without “lawful possession” documentation
 - Up to 6 months in Jail
 - Up to \$1,000 per violation (each CC is a violation)

Proposal

New Ordinance

Implement SJMC 10.20.180: Prohibition of Unlawful Possession of Catalytic Converters

- Misdemeanor to be in possession of a CC without “lawful possession” documentation
- Up to 6 months in Jail
- Up to \$1,000 per violation (each CC is a violation)

Amend the Administration Citation Schedule of Fines

- \$1,000 per stolen catalytic converter for a first offense.
- \$2,000 per stolen catalytic converter for a second offense*
- \$4,000 per stolen catalytic converter for a third and subsequent violations*

*Within a 12-month period from the date of the first violation.

Proposal

Documentation

- Bill of sale from the original owner with photographs.
- Documentation from an auto-body shop proving that the owner relinquished the catalytic converter to the auto-body shop.
- Verifiable electronic communication from the previous owner to the possessor relinquishing ownership of the catalytic converter.
- Photographs of the vehicle from which the catalytic converter originated.
- Vehicle registration associated with the catalytic converter containing an etched associated license plate number or vehicle identification number.
